

Your Pharmacy Web Site – For a Healthier, More Informed You

LOOKING FOR PRESCRIPTION DRUG INFORMATION?

With the Pharmacy Web Site, you can obtain prescription benefit and drug coverage detail to assist you in understanding your prescription benefit plan better, as well as view comprehensive health and wellness information.

■ DO YOU KNOW WHAT THE COPAY AMOUNT IS FOR YOUR MEDICATION?

Benefit Highlights displays your copay amounts for medications covered by your prescription benefit.

■ DO YOU KNOW WHAT THE LOWEST COST OPTION IS FOR YOUR MEDICATION?

Formulary Lookup presents a list of medications, defines the formulary status of each of those medications, and highlights lower cost options.

How can you use the Pharmacy Web Site?

- Check to see if prescribed medications are on the formulary
- Locate a pharmacy near work or home
- Print a tax report of prescription expenses
- Find a drug price estimate
- Learn about medication uses, side effects and precautions
- Obtain treatment information about a particular medical condition

■ **DO YOU WANT TO LOCATE A PHARMACY NEAR HOME OR WORK?**

Pharmacy Locator helps you identify pharmacies that serve your prescription benefit plan. You can also search for pharmacies that are open 24-hours a day or pharmacies that participate in a Choice90^{Rx}® program.

■ **DO YOU WANT TO SEE HOW MUCH YOU SPENT ON PRESCRIPTION DRUGS LAST YEAR?**

With **PersonalHealthRx**® you can look up your prescription history and print out a 28-month report of past usage. Share this information with your physician or reference it for tax and flexible spending account purposes.

■ **DO YOU WANT TO LEARN ABOUT POTENTIAL SIDE EFFECTS OF YOUR MEDICATION?**

Drug Search helps you research a drug and retrieve comprehensive information including side effects, how to use the drug, and drug interaction information.

■ **DO YOU WANT TO OBTAIN TREATMENT INFORMATION ABOUT A PARTICULAR MEDICAL CONDITION?**

Health and Wellness provides the latest medical news, a suite of health-related articles, interactive tools, and a detailed disease and condition guide.
